

# OUR TREE & SHRUB PROGRAM WILL SUIT YOU TO A TREE.

## TREE & SHRUB MAINTAINER PROGRAM

As your local Lawn Doctor, we aim to keep plants healthy and thriving throughout the year, in addition to monitoring plants for indications of disease or insects. Lawn Doctor's Tree & Shrub Maintainer Program is aimed at protecting trees (under 20 feet tall), crepe myrtles and flower bed plants.

We offer a 6-service program that includes the following:

- ➔ Inspection and overall health evaluation of plant, trees and shrubs
- ➔ Disease control treatment
- ➔ Insect control treatment
- ➔ Fertilization and application of micronutrients
